Our PVCu doors are manufactured to the very highest standards using environmentally-friendly lead-free PVCu from one of the world's leading extruders.

The standard colours are white, black, red, green and blue although various woodgrains or any Renolit® foil colours are also available on request.

Door frames are supplied in white as standard but are also available in a matching finish to suit the door.

WEATHERSEAL

Dual weatherseal for extra protection against the elements.

HINGES

Dedicated PVCu door hinges for enhanced security.

LOCKING SYSTEM

Special hook bolt for high level security.

HANDLE

Stylish handle sets to suit both front and back doors.

Optional aluminium low threshold for ease of access.

Eco-friendly PVCu profile uses calcium-based stabilisers rather than the lead that most manufacturers use.

4:20:4 sealed unit glazing with a range of energy efficient and decorative glass options.

Low-line glazing bead with low-profile black gaskets for improved security and greater sightlines.

In our ongoing quest to provide the highest quality products for our customers, our designs and specifications are subject to change without notice.
